Dear Grissele and Hector,

While I stated it publicly at the cocktail party on February 6, 1986; I want to write to let you know how honored I was by the Hispanic Bar Association's affair.

To get recognition from one's peers is the highest accolade: I will always remember the many genuine expressions of affection that I received that day from my fellow Hispanic lawyers. Thank you, so much,

Very truly yours,

A handwritten signature in cursive script that reads "Ariel".

For this reason, we would welcome the opportunity to address your group about the various opportunities available and benefits of working for the Division of Criminal Justice. Please advise me or Deputy Attorney General Anne C. Paskow, Chief of the Appellate Section, Division of Criminal Justice, of any "Career Days" or similar functions sponsored by your organization in which we might participate. Suffice it to say that employment at the Division of Criminal Justice offers a challenging and rewarding experience for any attorney interested in resolution of significant legal problems relating to the criminal justice system.

In order to maintain the high level of legal excellence manifested by the Division since its creation 15 years ago, we are interested in attracting as deputy attorneys general individuals with top academic credentials, strong writing skills, and overall outstanding legal abilities. We feel we have much to offer persons who possess such qualities, and we invite those members of your organization to explore employment opportunities with this office by forwarding a resume to my attention, or to the attention of Deputy Attorney General Paskow. Please feel free to contact Deputy Attorney General Paskow should you have any questions or desire further information about employment opportunities at the Division.
